1. INTRODUCTION

1.1. Purpose and Overview

This Request for Proposal is published to solicit proposals for the development and operation of a Behavioral Health Crisis Treatment Center (BHCTC) and for the provision of related support services for individuals 18 years of age and older who are experiencing a mental health crisis, including those with a co-occurring substance use disorder. The Department of Health and Human Services (DHHS) is soliciting proposals from Vendors for this purpose in a New Hampshire Community Mental Health Region(s) or subsection(s) thereof that has high rates of admissions to and discharges from New Hampshire Hospital¹.

DHHS seeks a proposed BHCTC model and Vendor, or collaborating Vendors, that meet the following criteria:

- 1.1.1. Demonstrate a comprehensive and collaborative approach to provide intensive, short term stabilization treatment services, that are available twenty-four (24) hours per day, seven (7) days per week, for individuals experiencing a mental health crisis, including those with a co-occurring substance use disorder. The approach must maximize collaboration between existing treatment providers, community resources and Integrated Delivery Networks (IDN) within the proposed Community Mental Health Region(s) and the BHCTC.
- 1.1.2. The BHCTC will effectively increase the regional capacity to treat such individuals, and decrease the demand of higher levels of care when inpatient hospitalization or emergency department care is contraindicated.
- 1.1.3. The BHCTC will fill an existing gap in the behavioral health treatment and service continuum within the proposed Community Mental Health Region(s), and has the support of the treatment providers and community resources within the region(s) to fill this gap.
- 1.1.4. The BHCTC will be responsive to the identified need for such services within the proposed Community Mental Health Region(s), and that the BHCTC will effectively address barriers to treatment and services unique to the proposed Community Mental Health Region(s).
- 1.1.5. The BHCTC staff composition will be highly qualified and its facility design appropriately equipped to meet the immediate treatment and service needs of the individuals to be served.

¹ For additional information about New Hampshire Hospital Admission/Discharge Volume and Community Mental Health Regions, see Appendix C, New Hampshire Hospital Admission/Discharge Data and Community Mental Health Region Information

- 1.1.6. The BHCTC will receive and treat individuals on a walk-in basis and those transported for treatment by first responders or from other treatment sites.
- 1.1.7. The BHCTC will deliver an array of treatment services to de-escalate and stabilize individuals experiencing a mental health crisis at the intensity and for the duration necessary to quickly and successfully discharge the individual back into the community or to a step-down treatment site.
- 1.1.8. The BHCTC treatment and service array will coordinate with the individual's external treatment providers and natural supports in order to ensure continuity of care.
- 1.1.9. The BHCTC treatment and service array will be provided to individuals regardless of the individual's ability to pay, and will be structured:
 - 1.1.9.1. To maximize the BHCTC's ability to seek reimbursement from public and private insurers, including the Department's Managed Care Organizations, Medicaid, Medicare, and private payers; and
 - 1.1.9.2. To minimize the BHCTC's reliance on State funds to support operational costs ineligible for reimbursement from third-party payers.
- 1.1.10. The BHCTC will raise public awareness of BHCTC services, and communicate how these services fit within the regional behavioral health treatment system, and how to access BHCTC services.
- 1.1.11. The BHCTC will develop an effective strategy to engage and coordinate access to BHCTC services with regional first responders, law enforcement, peer support agencies, Community Mental Health Centers (CMHCs), hospitals, the applicable Integrated Delivery Networks' providers, and mobile crisis response teams.
- 1.2. **Qualified Vendors – Initial Screening Requirements**
 - 1.2.1. The Department encourages the selected Vendor to collaborate with community treatment providers and stakeholders, as appropriate, to ensure that it develops and operates a BHCTC that is accessible twenty-four (24) hours a day/seven (7) days per week as an alternative to higher levels of care, including emergency departments, designated receiving facilities and New Hampshire Hospital, and to ensure an integrated approach to service delivery is achieved.
 - 1.2.2. The selected Vendor must ensure the treatment setting is appropriate to safely treat individuals experiencing a mental health crisis and is in compliance with all local and state life safety codes and, if applicable, state health facilities' licensing requirements.
 - 1.2.3. All initial services to be provided by the Vendor must begin within 120 days of the contract effective date.

- 1.2.4. **Initial Screening:** Proposals received in response to this RFP will undergo an initial screening to determine whether a Vendor is a 'qualified Vendor.' **All Vendors must submit a completed Appendix D, Details of Behavioral Health Crisis Treatment Center.** Appendix D must include:

- 1.2.4.1. A brief description of proposed BHCTC services and supports. If the Vendor does not currently hold applicable required certifications, licenses, state or federal approvals to provide any of the proposed services and supports, the Vendor must identify the applicable requirement and specify its plan to remedy the requirement if the Vendor is selected for award. This includes, at minimum, applicable NH Administrative Rules, Medicaid requirements, and whether the Vendor intends to seek any waivers thereof as remedy.
- 1.2.4.2. Identification and detailed description of the proposed BHCTC site's location, interior and exterior features, dimensions, etc.
- 1.2.4.3. An explanation of any zoning, building requirements and renovations, or other requirements (e.g. certifications, licenses) that need to be addressed prior to occupancy and the Vendor's plan for resolving such requirements.
- 1.2.4.4. Documentation of ownership(s) or lease(s), if applicable.
- 1.2.4.5. Letters of commitment from:
 - 1.2.4.5.1. Current property owner(s), if not already owned by the Vendor, and a description of the purchase(s) or lease(s) of the site(s) to the Vendor, including a timeline for completion that ensures occupancy can be achieved within 120 days of the contract effective date; and
 - 1.2.4.5.2. Developers, if site(s) are to be developed, or contractors, if site(s) will require renovations, including a timeline for completion that ensures occupancy can be achieved so that initial services begin within 120 days of the contract effective date.

DHHS, at its sole discretion may disqualify any Vendor that does not satisfy the Initial Screening Requirements.

DHHS may waive or offer a limited opportunity for a Vendor to cure immaterial deviations from the RFP requirements if it is determined to be in the best interest of the DHHS.

2. BACKGROUND

2.1. New Hampshire DHHS, Division for Behavioral Health, Bureau of Mental Health Services.

- 2.1.1. The Department of Health and Human Services (DHHS) seeks to promote full community inclusion for adults (18 years or older) having severe mental illness (SMI), severe and persistent mental illness (SPMI) or who are severely mentally disabled. The State places a high emphasis on supporting individuals in their community with a broad range of supports and services that reduce the need for inpatient care.
- 2.1.2. As part of New Hampshire's implementation of the Community Mental Health Agreement, the Division for Behavioral Health, Bureau of Mental Health Services implemented three (3) Mobile Crisis Services and Supports (MCSS) programs under previous procurements. The Legislature, through HB517, authorized the release of an RFP for the provision of a fourth MCSS program in a geographic location that has a high rate of residents being admitted to and discharged from New Hampshire Hospital; there were no respondents to that RFP, or a subsequent RFP released by DHHS that provided greater flexibility to potential Vendors. As a result, this new RFP releases a different approach to treat individuals experiencing a mental health crisis. Through the BHCTC approach, individuals will receive appropriate treatment in the BHCTC:
 - 2.1.2.1. During the crisis to avoid unnecessary accessing of services through the emergency department setting and before the crisis escalates to the level that inpatient psychiatric treatment may be needed;
 - 2.1.2.2. Upon discharge from the emergency department, after it has been medically determined that the individual no longer needs emergency department level services and it has been clinically determined that the BHCTC is an appropriate stepdown treatment site.
 - 2.1.2.3. On a voluntary basis.

- 2.1.3. The BHCTC will assess the individual and provide treatment in response to the immediate crisis. In order for the individual to return to the community as soon as practicable, the BHCTC will collaborate with existing behavioral health treatment providers and support systems. Collaborative discharge planning with providers and third party payers will take place to ensure continuity of care and wrap-around services upon discharge. Services provided at the BHCTC are intended to supplement existing services that may not be immediately available to an individual in crisis but are not intended to replace services for which the Community Mental Health treatment providers under contract with the State are already obligated to provide. As such, the successful Vendor will be obligated, post crisis assessment and immediate treatment, to connect individuals to existing service providers, including the applicable CMHC. If the individual is not already a client of a CMHC, the Vendor will be obligated to help them engage with engaging the appropriate Community Mental Health Center provider for ongoing treatment and services, if the individual is agreeable.

3. STATEMENT OF WORK

3.1. Covered Populations and Geographic Location

3.1.1. The Vendor will provide treatment and support services to individuals accessing the BHCTC, in the proposed geographic location and Community Mental Health Region(s), to individuals eighteen (18) years or older who are experiencing a mental health crisis, including those with a co-occurring substance use disorder. Vendors may propose to serve more than one region or combined subsections of more than one region.

Q1. *Describe the proposed geographic location for the BHCTC and identify the proposed Community Mental Health Region(s) to be served by the BHCTC.*

Q2. *Provide a Statement of Need that includes, at minimum, the following components:*

- a) *Justification for the proposed location, based on the HB517 requirements regarding high rates of New Hampshire Hospital admissions and discharges for residents within the Community Mental Health Region(s), including describing any characteristics of the region(s) that you believe contribute to the high rates of New Hampshire Hospital admissions and discharges for residents within the region;*
- b) *A description of how your proposed BHCTC services will integrate into the current behavioral health delivery system and Integrated Delivery Network (IDN) within the applicable region(s), including: how it will fill gaps in the current system; how it will not supplant existing contracted State services; and how the BHCTC will change existing treatment pathways for individual experiencing a mental health crisis, including for those individuals with a co-occurring substance use disorder. This description must include how the BHCTC will effectively increase the regional capacity to treat such individuals and decrease the demand for higher levels of care when inpatient hospitalization or emergency department care is contraindicated. Include letters of support, from treatment providers and community resources within the region(s), for the BHCTC to fill gaps in the current system;*
- c) *An analysis of demographic factors, specific to the individuals within the region(s) that the BHCTC will serve, that you believe contribute to the high use of emergency departments for mental health reasons;*

- d) *A description of how your proposed BHCTC model will be responsive to the identified need for such services within the proposed Community Mental Health Region(s), and how the model effectively addresses barriers to treatment and services unique to the region(s).*

Q3. *Describe your knowledge and experience working with this, or a similar, population.*

3.2. Scope of Services

3.2.1. Within 120 days of contract approval, the selected Vendor must initiate treatment and support services as a BHCTC. The BHCTC operation and services shall include, at minimum:

3.2.1.1. A method(s) of providing individuals experiencing a mental health crisis, family members and natural supports, and first responders prompt access to a clinically qualified BHCTC team member, or other BHCTC authorized and clinically qualified resource, to determine if the individual in crisis may be in clinical need of services from the BHCTC, or if other available behavioral health services would be more appropriate for the individual to access. The method(s) must ensure that such inquiries can be made and promptly responded to twenty-four (24) hours per day, seven (7) days per week. The method(s) must ensure that information about the individual in crisis is obtained and that a clinically appropriate referral regarding the service level and treatment site the individual should access is provided to the inquirer during the initial inquiry. The referral provided by the Vendor must consider, at minimum: the severity of crisis the individual is experiencing, safety protocols, the individual's proximity to an appropriate treatment site or provider, the individual's ability to self-access an appropriate treatment site or provider, and whether the individual is already engaged with a first responder available to transport the individual to a treatment site or the BHCTC if needed. Referrals may include but are not limited to referring the individual to:

3.2.1.1.1. Receive treatment from his or her regular treatment provider – which may include the applicable Assertive Community Treatment (ACT) team;

3.2.1.1.2. Access the applicable Community Mental Health Center's Emergency Services team to receive Emergency Services from the Center;

3.2.1.1.3. Access, where available, the applicable Mobile Crisis Team to receive assistance at the individual's location;

3.2.1.1.4. The BHCTC to receive immediate treatment and services; or

- 3.2.1.1.5. His or her local ED.
- 3.2.1.2. **Face-to-face clinical assessments** for individuals experiencing a mental health crisis, including those individuals with a co-occurring substance use disorder, to identify and determine the treatment and supports the individual needs to receive to deescalate from the crisis. The clinical assessment must begin within forty-five (45) minutes of the individual's arrival at the BHCTC unless safety protocols preclude performance of the assessment within that timeframe.
- 3.2.1.3. **Development of an immediate treatment plan** that authorizes the treatment and support services the consumer will receive from the BHCTC to de-escalate from the crisis. The immediate treatment plan must provide sufficient detail to ensure BHCTC staff fully understand and are able to provide appropriate services to the individual at the correct intensity and duration needed. The immediate treatment plan shall be developed as a result of the information learned from the clinical assessment referenced in 3.2.1.2.
- 3.2.1.4. **Delivery by the BHCTC team of treatment and services identified in the individual's immediate treatment plan**, at the prescribed level of intensity and duration. Treatment and services shall be limited to those authorized by DHHS under the Governor and Council approved contract awarded as a result of this RFP, if any, for the Vendor to provide, subject to the applicable Medicaid requirements or applicable restrictions within the contract for General Fund supported services. Services provided must be limited to serving persons who are eligible under RSA 135-C:13 and He-M 401, subject but not limited to the following conditions:
 - 3.2.1.4.1. No person determined eligible shall be refused any of the services provided hereunder because of an inability to pay a fee. For individuals not already determined eligible by the applicable CMHC, the Vendor must provide services under a presumption that the consumer is eligible for services within the NH Mental Health System. NOTE: DHHS shall work with the successful Vendor to formalize the process for the Vendor to document presumptive eligibility.
 - 3.2.1.4.2. The services provided shall not supplant or replace those services already available within the regional CMHC. Individuals shall be transitioned to community as soon as linkages to existing services are in place. The Vendor shall make every effort to coordinate services with the applicable region's CMHC so that the individual's treatment can be timely transitioned to the CMHC for ongoing treatment and support services.

- 3.2.1.4.3. The Vendor shall provide services to de-escalate the individual's immediate crisis, and to support the individual as clinically needed and appropriate until access to ongoing treatment and support from the applicable CMHC, or where applicable – Mobile Crisis Team. In the event the individual is not, and does not wish to become, a client of the applicable CMHC, or the individual has other treatment providers he or she wishes to use for ongoing treatment, the Vendor shall provide services for the intensity and duration as is necessary to de-escalate the crisis.
- 3.2.1.4.4. For individuals who require onsite continuous treatment and support to de-escalate from the crisis for a period longer than the BHCTC can directly accommodate, the Vendor shall attempt to transfer the individual to other available community-based providers and resources, such as peer respite, mobile crisis, CMHC emergency services supervision, etc.
- 3.2.1.5. Provide BHCTC services, as described in 3.2.1.4., for individuals accessing the BHCTC in conjunction with discharge from the ED.
- 3.2.1.6. **Collaborate and coordinate with the individual's choice of treatment providers.** The Vendor must collaborate with the individual's existing treatment providers, if any, in the development of the immediate treatment plan to ensure medication management and other treatment considerations are effectively researched and coordinated. If such providers are not immediately available for this purpose, the Vendor must proceed with the development of the immediate treatment plan and connect with such providers as soon as practical. If the individual elects to receive ongoing treatment, upon discharge from the BHCTC, the Vendor must collaborate with external treatment providers to ensure that treatment and support services are coordinated to engage the individual on a timely basis upon discharge.
- 3.2.1.7. Provide clinically appropriate physical and environmental accommodations to individuals receiving treatment and supports within the BHCTC. The accommodations must take into consideration individual privacy rights, safety protocols, nutrition and sustenance, the individual's physical and health related needs, and meet all applicable municipal, state and federal life and safety codes.

- Q4.** *Describe the expected referral sources and admission routes into BHCTC. Describe in detail the functions/activities and clinical criteria/protocols to be used during the initial inquiry and/or referral period. Explain how an individual experiencing a mental health crisis, a family member or first responder can inquire about the BHCTC, to determine whether the individual should be referred to the BHCTC or an alternative treatment provider.*
- Q5.** *What services and supports will you provide within the BHCTC? Include a detailed description of how those services and supports will be provided. Describe why the proposed treatment and service array are effective methods to de-escalate and stabilize individuals, and how you will ensure they are delivered at the intensity and for the duration necessary to quickly and successfully discharge the individual back into the community or to a stepdown treatment site.*

- Q16.** *How will you develop partner agreements with community organizations and health insurers? Provide your proposed community engagement plan and include letters of support for organizations, entities, or coalitions you will partner with, if any, that describes the intended partnership. Describe how the BHCTC will maximize the BHCTC's ability to seek reimbursement from public and private insurers, including the Department's Managed Care Organizations, Medicaid, Medicare, and private payers, and how it will minimize the BHCTC's reliance on State funds to support operational costs ineligible for reimbursement from third-party payers.*

 - 3.5.1.13.2. Barriers to achieve approved project plan goals; and
 - 3.5.1.13.3. Proposed steps to be taken the following month to stay on schedule with approved project plan.

3.5.2. The reporting required in 3.5.1. through 3.5.12 must be submitted by the Vendor to DHHS through the DHHS Phoenix system unless otherwise instructed on a temporary basis by the DHHS designee monitoring BHCTC treatment and services.

- 3.5.3. The Vendor must provide analytical reporting that demonstrates:
 - 3.5.3.1. The quality and outcomes of the BHCTC services provided to individuals;
 - 3.5.3.2. The effectiveness of the BHCTC model in diverting individuals from unnecessary ED presentations or hospitalizations;
 - 3.5.3.3. The effectiveness of the BHCTC's educational and outreach efforts within the applicable Community Mental Health Region(s) and the outcomes thereof;
 - 3.5.3.4. The effectiveness of the BHCTC's collaboration and coordination efforts with external treatment providers, including the applicable CMHCs and IDNs, and the outcomes thereof.
- 3.5.4. For the reporting requirements specified in 3.5.3, the Vendor shall collaborate with DHHS to determine a mutually agreed upon reporting interval, which shall be at least on an annual basis, and the reporting format.

Q23. *Provide a proposed reporting plan to meet the requirements in section 3.5. Include a description of data collection and analysis related to BHCTC that will meet requirements of 3.3.3. Include a discussion of factors and outcomes that will indicate the efficacy of the interventions and strategies implemented within the program design. Explain how data will inform quality management, improvement, and program design.*

3.6. Cultural and Linguistic Considerations

- 3.6.1. The New Hampshire Department of Health and Human Services (DHHS) is committed to reducing health disparities in New Hampshire. DHHS recognizes that culture and language can have a considerable impact on how individuals access and respond to health and human services. Culturally and linguistically diverse populations experience barriers in their efforts to access services. As a result, DHHS is strongly committed to providing culturally and linguistically competent programs and services for its clients, and as a means of ensuring access to quality care for all. As part of that commitment DHHS continuously strives to improve existing programs and services, and to bring them in line with current best practices.
- 3.6.2. DHHS requires all contractors and sub-recipients to provide culturally and linguistically appropriate programs and services in compliance with all applicable federal civil rights laws, which may include: Title VI of the Civil Rights Act of 1964, the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, and the Rehabilitation Act of 1973. Collectively, these laws prohibit discrimination on the grounds of race, color, national origin, disability, age, sex, and religion.

- 3.6.3. There are numerous resources available to help recipients increase their ability to meet the needs of culturally, racially and linguistically diverse clients. Some of the main information sources are listed in the Vendor's Reference Guide for Completing the Culturally and Linguistically Appropriate Services Section of the RFP, and, in the Vendor/RFP section of the DHHS website.
- 3.6.4. A key Title VI guidance is the National Standards for Culturally and Linguistically Appropriate Services in Health Care (CLAS Standards), developed by the U.S. Department of Health and Human Services in 2000. The CLAS Standards provide specific steps that organizations may take to make their services more culturally and linguistically appropriate. The enhanced CLAS standards, released in 2013, promote effective communication not only with persons with Limited English Proficiency, but also with persons who have other communication needs. The enhanced Standards provide a framework for organizations to best serve the nation's increasingly diverse communities.
- 3.6.5. Vendors are expected to consider the need for language services for individuals with Limited English Proficiency as well as other communication needs, served or likely to be encountered in the eligible service population, both in developing their budgets and in conducting their programs and activities.
- 3.6.6. Successful applicants will be:
 - 3.6.6.1. Required to submit a detailed description of the language assistance services they will provide to LEP persons to ensure meaningful access to their programs and/or services, within ten (10) days of the date the contract is approved by Governor and Council;
 - 3.6.6.2. Monitored on their Federal civil rights compliance using the Federal Civil Rights Compliance Checklist, which can be found in the Vendor/RFP section of the DHHS website.
- 3.6.7. The guidance that accompanies Title VI of the Civil Rights Act of 1964 requires recipients to take reasonable steps to ensure meaningful access to their programs and services by persons with Limited English Proficiency (LEP persons). The extent of an organization's obligation to provide LEP services is based on an individualized assessment involving the balancing of four factors:
 - 3.6.7.1. The number or proportion of LEP persons served or likely to be encountered in the population that is eligible for the program or services (this includes minor children served by the program who have LEP parent(s) or guardian(s) in need of language assistance);
 - 3.6.7.2. The frequency with which LEP individuals come in contact with the program, activity or service;

- 3.6.7.3. The importance or impact of the contact upon the lives of the person(s) served by the program, activity or service;
- 3.6.7.4. The resources available to the organization to provide language assistance.
- 3.6.8. **Vendors are required to complete the TWO (2) steps listed in the Appendix E to this RFP, as part of their proposal.** Completion of these two (2) items is required not only because the provision of language and/or communication assistance is a longstanding requirement under the Federal civil rights laws, but also because consideration of all the required factors will help inform Vendors' program design, which in turn, will allow Vendors to put forth the best possible proposal.
- 3.6.9. For guidance on completing the two (2) steps in Appendix E, please refer to Vendor's Reference Guide for Completing the Culturally and Linguistically Appropriate Services Addendum of the RFP, which is posted on the DHHS website. <http://www.dhhs.nh.gov/business/forms.htm>.

4. FINANCE

4.1. Financial Standards

4.1.1. Within 120 days of the contract effective date, the Vendor will seek reimbursement for services provided by the BHCTC as follows:

4.1.1.1. For Medicaid enrolled individuals:

4.1.1.1.1. Medicaid Care Management: If the individual is enrolled with an MCO and the Vendor has a contract to provide the service with the MCO, the Vendor will seek reimbursement in accordance with its contract with the MCO. If the Vendor does not have a contract with the MCO, the Vendor will seek reimbursement under the current DHHS approved Medicaid Fee for Service (FFS) schedule.

4.1.1.1.2. Medicaid Fee For Service: If the individual is not enrolled with an MCO and is receiving services under the Medicaid Fee For Service program, the Vendor will bill Medicaid for services on the FFS schedule.

4.1.1.1.3. The requirements in 4.1.1.1.1. and 4.1.1.1.2. will not be pursued by the Vendor for individuals that are Medicaid enrolled individuals for secondary health insurance coverage purposes until the Vendor has exhausted reimbursement provisions applicable to the primary payer, such as Medicare or other third party payers.

4.1.1.2. For individuals enrolled with other health insurance/payors:

4.1.1.2.1. The Vendor will directly bill and seek reimbursement from the other insurance or payors.

4.1.1.3. Uninsured individuals:

4.1.1.3.1. The Vendor will bill DHHS for those operational costs in the approved budget that are not otherwise reimbursable by a primary, secondary or other third party payer.

Cost - Q1 – Provide a projection of the number of clients served by payor type (e.g. DHHS MCO contractor, Medicaid Fee for Service, Private Insurer, Medicare), and uninsured. The Vendor must describe how individuals without the ability to pay for services, and those for whom the Vendor receives insufficient reimbursement through third party payers, will be ensured treatment regardless of an individual's ability to pay. NOTE: Projections will be evaluated on the sufficiency of detail provided, the Vendor's described plan to ensure service provision regardless of an individual's ability to pay for services, and whether the Vendor's projections demonstrate that a large number of uninsured and under insured individuals will be served.

Cost - Q2 – Identify the operational costs associated with providing BHCTC services for the uninsured. This must include a detailed Operational Budget per State Fiscal Year, inclusive of all projected costs, identification of the projected revenue and applicable sources the Vendor will receive from third party payors, and the balance of costs the Vendor projects it will bill DHHS for BHCTC services delivered to the uninsured. **NOTE:** The operational budgets will be evaluated on the sufficiency of detail provided, consistency of detail with the budget narratives required in Cost – Q3, accuracy, and best value to the Department.

Cost – Q3 – Provide a corresponding budget narrative for the Operational Budgets by state fiscal year. **NOTE:** The corresponding budget narratives will be evaluated on the sufficiency of detail provided, consistency of detail with the operating budgets required in Cost – Q2, accuracy, and best value to the Department.

Cost – Q4 – Describe the billing protocols the Vendor expects to follow where the responsibility is borne by a primary payer other than the State, specific to Medicaid, Medicare, and private insurance. **NOTE:** The protocols will be evaluated for appropriateness and consistency with those required for Medicaid and Medicare.

- 4.1.2. If the Vendor seeks funding to support Start-Up Period costs, the Vendor must develop a Start-up Period Budget for reimbursement of costs associated with the start-up period that begins upon contract approval. The start-up period will end on or before 90 days upon contract approval or upon operationalizing the BHCTC, whichever occurs first. Start-up funding cannot be used to reimburse the Vendor for costs that are eligible for payment under 4.1.1. above.
- 4.1.2.1. The contract that may result from this RFP may include advance payment for certain start-up costs if needed and justified. In developing the proposed Start-up Period Budget, the Vendor must identify costs for which the Vendor proposes an advance payment be made. The Vendor must provide justification for each proposed advance payment. **NOTE:** Advance payments are contingent upon Governor and Executive Council approval and would be included in DHHS' original contract submission to the Governor and Executive Council.
- 4.1.2.2. If advance payments are made, the Vendor shall submit a detailed cost report that demonstrates compliance with the approved contract's Start-Up Period Budget. **NOTE:** Advance payments are part of, and not in addition to, the approved contract's price limitation.

- 4.1.2.3. DHHS will reimburse the Vendor for approved start-up costs not otherwise paid for in advance but included in the approved Start-up Period Budget. If project plan milestones are not achieved on time, DHHS reserves the right to delay payment to the Vendor until the applicable project plan milestone is achieved or until DHHS otherwise determines the Vendor is in compliance with the contract.
- 4.1.2.4. DHHS reserves the right to withhold payment of expenses incurred for acquisition of personnel to operationalize the BHCTC and provide BHCTC services if the BHCTC services are not initiated within 120 days of contract approval.

Cost – Q5 – *If the Vendor is seeking funding for Start-Up Period costs, the Vendor must provide the proposed Start-Up Period Budget required in 4.1.2, and a corresponding budget narrative. If the Vendor is not seeking funding for Start-Up Period costs, the Vendor must specifically state that in response to this question. NOTE: The Start-Up Period Budget and corresponding budget narrative will be evaluated on the sufficiency of detail provided, consistency of detail between each, and best value to the Department. Vendors not seeking funding for Start-Up Period costs will receive the maximum score available to this question.*

6.8. Non-Collusion

The Vendor's required signature on the Transmittal Cover Letter for a proposal submitted in response to this RFP guarantees that the prices, terms and conditions, and services quoted have been established without collusion with other Vendors and without effort to preclude DHHS from obtaining the best possible competitive proposal.

6.13. Public Disclosure

A Proposal must remain confidential until the Governor and Executive Council have approved a contract as a result of this RFP. A Vendor's disclosure or distribution of Proposals other than to the State will be grounds for disqualification.

The content of each Vendor's Proposal, and addenda thereto, will become public information once the Governor and Executive Council have approved a contract. Any information submitted as part of a bid in response to this RFP may be subject to public disclosure under RSA 91-A. In addition, in accordance with RSA 9-F:1, any contract entered into as a result of this RFP will be made accessible to the public online via the website Transparent NH (www.nh.gov/transparentnh/). Accordingly, business financial information and proprietary information such as trade secrets, business and financials

models and forecasts, and proprietary formulas may be exempt from public disclosure under RSA 91-A:5, IV.

Insofar as a Vendor seeks to maintain the confidentiality of its confidential commercial, financial or personnel information, the Vendor must clearly identify in writing the information it claims to be confidential and explain the reasons such information should be considered confidential. This should be done by separate letter identifying by page number and proposal section number the specific information the Vendor claims to be exempt from public disclosure pursuant to RSA 91-A:5.

Each Vendor acknowledges that DHHS is subject to the Right-to-Know Law New Hampshire RSA Chapter 91-A. DHHS shall maintain the confidentiality of the identified confidential information insofar as it is consistent with applicable laws or regulations, including but not limited to New Hampshire RSA Chapter 91-A. In the event DHHS receives a request for the information identified by a Vendor as confidential, DHHS shall notify the Vendor and specify the date DHHS intends to release the requested information. Any effort to prohibit or enjoin the release of the information shall be the Vendor's responsibility and at the Vendor's sole expense. 6.16. Request for Additional Information or Materials

During the period from date of proposal submission to the date of Contractor selection, DHHS may request of any Vendor additional information or materials needed to clarify information presented in the proposal. Such a request will be issued in writing and will not provide a Vendor with an opportunity to change, extend, or otherwise amend its proposal in intent or substance. Key personnel shall be available for interviews.

6.17. Oral Presentations and Discussions

DHHS reserves the right to require some or all Vendors to make oral presentations of their proposal. Any and all costs associated with an oral presentation shall be borne entirely by the Vendor. Vendors may be requested to provide demonstrations of any proposed automated systems. Such a request will be in writing and will not provide a Vendor with an opportunity to change, extend, or otherwise amend its proposal in intent or substance.

6.18. Contract Negotiations and Unsuccessful Vendor Notice

If a Vendor(s) is selected, the State will notify the Successful Vendor(s) in writing of their selection and the State's desire to enter into contract negotiations. Until the State successfully completes negotiations with the selected Vendor(s), all submitted Proposals remain eligible for selection by the State. In the event contract negotiations are unsuccessful with the selected Vendor(s), the evaluation team may recommend another Vendor(s).

In order to protect the integrity of the bidding process, notwithstanding RSA 91-A:4, no information shall be available to the public, or to the members of the general court or its staff, concerning specific responses to requests for bids (RFBs), requests for proposals (RFPs), requests for applications (RFAs), or similar requests for submission for the purpose of procuring goods or services or awarding contracts from the time the request is made public until the closing date for responses except that information specifically allowed by RSA 21-G:37.

6.19. Scope of Award and Contract Award Notice

DHHS reserves the right to award a service, part of a service, group of services, or total proposal and to reject any and all proposals in whole or in part. The notice of the intended contract award will be sent by certified mail or overnight mail to the selected Vendor. A contract award is contingent on approval by the Governor and Executive Council.

If a Contract is awarded, the Vendor must obtain written consent from the State before any public announcement or news release is issued pertaining to any Contract award.

6.20. Site Visits

The Department may, at its sole discretion, at any time prior to contract award, conduct a site visit at the Vendor's location or at any other location deemed appropriate by the Department, in order to determine the Vendor's capacity to satisfy the terms of this RFP/RFB/RFA. The Department may also require the Vendor to produce additional documents, records, or materials relevant to determining the Vendor's capacity to satisfy the terms of this RFP/RFB/RFA. Any and all costs associated with any site visit or requests for documents shall be borne entirely by the Vendor.

6.21. Protest of Intended Award

Any challenge of an award made or otherwise related to this RFP shall be governed by RSA 21-G:37, and the procedures and terms of this RFP. The procedure set forth in RSA 21-G:37, IV, shall be the sole remedy available to challenge any award resulting from this RFP. In the event that any legal action is brought challenging this RFP and selection process, outside of the review process identified in RSA 21-G:37, IV, and in the event that the State of New Hampshire prevails, the challenger agrees to pay all expenses of such action, including attorney's fees and costs at all stages of litigation.

6.22. Contingency

Aspects of the award may be contingent upon changes to State or federal laws and regulations.

8.1.1. Contract Terms and Conditions

- 8.1.1.1. The State of New Hampshire sample contract is attached; Vendor to agree to minimum requirement as set forth in the Appendix B.

Therefore the parties agree that liquidated damages shall be determined as part of the contract specifications.
- 8.1.2.3. Assessment of liquidated damages shall be in addition to, and not in lieu of, such other remedies as may be available to the Department. Except and to the extent expressly provided herein, the Department shall be entitled to recover liquidated damages applicable to any given incident.

If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

Further, Business Associate, including but not limited to all its directors, officers, employees and agents, shall not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.
- b. Business Associate may use or disclose PHI:
- I. For the proper management and administration of the Business Associate;
 - II. As required by law, pursuant to the terms set forth in paragraph d. below; or
 - III. For data aggregation purposes for the health care operations of Covered Entity.
- c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HIPAA Privacy, Security, and Breach Notification Rules of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.
- d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business

Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

- e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) **Obligations and Activities of Business Associate.**

- a. The Business Associate shall notify the Covered Entity's Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.
- b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:
- o The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
 - o The unauthorized person used the protected health information or to whom the disclosure was made;
 - o Whether the protected health information was actually acquired or viewed
 - o The extent to which the risk to the protected health information has been mitigated.

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

- c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.
- d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.

- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.
- g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.
- h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.
- i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.
- j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.
- k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Exhibit I

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
- b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
- c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.
- d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

Exhibit I

- e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.
- f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

When no longer in use, electronic media containing State of New Hampshire data shall be rendered unrecoverable via a secure wipe program in accordance with industry-accepted standards for secure deletion, or otherwise physically destroying the media (for example, degaussing). The vendor will document and certify in writing at time of the data destruction, and will provide written certification to the Department upon request. The written certification will include all details necessary to demonstrate data has been properly destroyed and validated. Where applicable, regulatory and professional standards for retention requirements will be jointly evaluated by the State and the vendor prior to destruction.

APPENDIX E

Addendum to CLAS Section of RFP for Purpose of Documenting Title VI Compliance

All DHHS bidders are required to complete the following two (2) steps as part of their proposal:

- (1) Perform an individualized organizational assessment, using the four-factor analysis, to determine the extent of language assistance to provide for programs, services and/or activities; and;
- (2) Taking into account the outcome of the four-factor analysis, respond to the questions below.

Background:

Title VI of the Civil Rights Act of 1964 and its implementing regulations provide that no person shall be subjected to discrimination on the basis of race, color, or national origin under any program that receives Federal financial assistance. The courts have held that national origin discrimination includes discrimination on the basis of limited English proficiency. Any organization or individual that receives Federal financial assistance, through either a grant, contract, or subcontract is a covered entity under Title VI. Examples of covered entities include the NH Department of Health and Human Services and its contractors.

Covered entities are required to take reasonable steps to ensure *meaningful access* by persons with limited English proficiency (LEP) to their programs and activities. LEP persons are those with a limited ability to speak, read, write or understand English.

The **key** to ensuring meaningful access by LEP persons is effective communication. An agency or provider can ensure effective communication by developing and implementing a language assistance program that includes policies and procedures for identifying and assessing the language needs of its LEP clients/applicants, and that provides for an array of language assistance options, notice to LEP persons of the right to receive language assistance free of charge, training of staff, periodic monitoring of the program, and translation of certain written materials.

The Office for Civil Rights (OCR) is the federal agency responsible for enforcing Title VI. OCR recognizes that covered entities vary in size, the number of LEP clients needing assistance, and the nature of the services provided. Accordingly, covered entities have some flexibility in how they address the needs of their LEP clients. (In other words, it is understood that one size language assistance program does not fit all covered entities.)

The **starting point** for covered entities to determine the extent of their obligation to provide LEP services is to apply a four-factor analysis to their organization. It is important to understand that the flexibility afforded in addressing the needs of LEP clients *does not diminish* the obligation covered entities have to address those needs.

Examples of practices that may violate Title VI include:

- Limiting participation in a program or activity due to a person's limited English proficiency;
- Providing services to LEP persons that are more limited in scope or are lower in quality than those provided to other persons (such as then there is no qualified interpretation provided);
- Failing to inform LEP persons of the right to receive free interpreter services and/or requiring LEP persons to provide their own interpreter;
- Subjecting LEP persons to unreasonable delays in the delivery of services.

BIDDER STEP #1 – Individualized Assessment Using Four-Factor Analysis

The four-factor analysis helps an organization determine the right mix of services to provide to their LEP clients. The right mix of services is based upon an individualized assessment, involving the balancing of the following four factors.

- (1) The **number** or proportion of LEP persons served or likely to be encountered in the population that is eligible for the program;
- (2) The **frequency** with which LEP individuals come in contact with the program, activity or service;
- (3) The **importance** or impact of the contact upon the lives of the person(s) served by the program, activity or service;
- (4) The **resources** available to the organization to provide effective language assistance.

This addendum was created to facilitate bidders' application of the four-factor analysis to the services they provide. At this stage, bidders are not required to submit their four-factor analysis as part of their proposal. **However, successful bidders will be required to submit a detailed description of the language assistance services they will provide to LEP persons to ensure meaningful access to their programs and/or services, within 10 days of the date the contract is approved by Governor and Council.** For further guidance, please see the Bidder's Reference for Completing the Culturally and Linguistically Appropriate Services (CLAS) Section of the RFP, which is available in the Vendor/RFP Section of the DHHS website.

Important Items to Consider When Evaluating the Four Factors.

Factor #1 The number or proportion of LEP persons served or encountered in the population that is eligible for the program.

Considerations:

- The eligible population is specific to the program, activity or service. It includes LEP persons serviced by the program, as well as those directly affected by the program, activity or service.
- Organizations are required not only to examine data on LEP persons served by their program, but also those in the community who are *eligible* for the program (but who are not currently served or participating in the program due to existing language barriers).
- Relevant data sources may include information collected by program staff, as well as external data, such as the latest Census Reports.
- Recipients are required to apply this analysis to each language in the service area. When considering the number or proportion of LEP individuals in a service area, recipients should consider whether the minor children their programs serve have LEP parent(s) or guardian(s) with whom the recipient may need to interact. It is also important to consider language minority populations that are eligible for the programs or services, but are not currently served or participating in the program, due to existing language barriers.
- An effective means of determining the number of LEP persons served is to record the preferred languages of people who have day-to-day contact with the program.
- It is important to remember that the *focus* of the analysis is on the lack of English proficiency, not the ability to speak more than one language.

Factor #2: The frequency with which LEP individuals come in contact with the program, activity or service.

- The more frequently a recipient entity has contact with individuals in a particular language group, the more likely that language assistance in that language is needed. For example, the steps that are reasonable for a recipient that serves an LEP person on a one-time basis will be very different from those that are expected from a recipient that serves LEP persons daily.
- Even recipients that serve people from a particular language group infrequently or on an unpredictable basis should use this four-factor analysis to determine what to do if an LEP person seeks services from their program.
- The resulting plan may be as simple as being prepared to use a telephone interpreter service.
- The key is to have a plan in place.

Factor #3 The importance or impact of the contact upon the lives of the person(s) served by the program, activity or service.

- The more important a recipient's activity, program or service, or the greater the possible consequence of the contact to the LEP persons, the more likely language services are needed.
- When considering this factor, the recipient should determine both the importance, as well as the urgency of the service. For example, if the communication is both important and urgent (such as the need to communicate information about an emergency medical procedure), it is more likely that immediate language services are required. If the information to be communicated is important but not urgent (such as the need to communicate information about elective surgery, where delay will not have any adverse impact on the patient's health), it is likely that language services are required, but that such services can be delayed for a reasonable length of time.

Factor #4 The resources available to the organization to provide effective language assistance.

- A recipient's level of resources and the costs of providing language assistance services is another factor to consider in the analysis.
- Remember, however, that cost is merely one factor in the analysis. Level of resources and costs do not diminish the requirement to address the need, however they may be considered in determining how the need is addressed;
- Resources and cost issues can often be reduced, for example, by sharing language assistance materials and services among recipients. Therefore, recipients should carefully explore the most cost-effective means of delivering quality language services prior to limiting services due to resource limitations.

BIDDER STEP #2 - Required Questions Relating to Language Assistance Measures

I certify that I have completed the four-factor analysis as part of my process for creating the best possible proposal, in response to the RFP.

Signature: _____

Print Name and Title: _____

Taking into account the four-factor analysis, please answer the following questions in the six areas of the table below. (**Do not** attempt to answer the questions until you have completed the four-factor analysis.) The Department understands that your responses will depend on the outcome of the four-factor analysis. The requirement to provide language assistance does not vary, but the measures taken to provide the assistance will necessarily differ from organization to organization.

1. IDENTIFICATION OF LEP PERSONS SERVED OR LIKELY TO BE ENCOUNTERED IN YOUR PROGRAM		
a. Do you make an effort to identify LEP persons served in your program? (One way to identify LEP persons served in your program is to collect data on ethnicity, race, and/or preferred language.)	Yes	No
b. Do you make an effort to identify LEP persons likely to be encountered in the population eligible for your program or service? (One way to identify LEP persons likely to be encountered is by examining external data sources, such as Census data)	Yes	No
c. Does you make an effort to use data to identify new and emerging population or community needs?	Yes	No
2. NOTICE OF AVAILABILITY OF LANGUAGE ASSISTANCE		
Do you inform all applicants / clients of their right to receive language / communication assistance services at no cost? 4. PROVISION OF LANGUAGE ASSISTANCE		

<p>Do you provide language assistance to LEP persons, free of charge, in a timely manner? (Or, do you have procedures in place to provide language assistance to LEP persons, if needed) In general, covered entities are required to provide two types of language assistance: (1) oral interpretation and (2) translation of written materials. 5. ENSURING COMPETENCY OF INTERPRETERS USED IN PROGRAM AND THE ACCURACY OF TRANSLATED MATERIALS		
<p>a. Do you make effort to assess the language fluency of all interpreters used in your program to determine their level of competence in their specific field of service? (Note: A way to fulfill this requirement is to use certified interpreters only.)</p>	Yes	No
<p>b. As a general rule, does your organization avoid the use of family members, friends, and other untested individual to provide interpretation services?</p>	Yes	No
<p>c. Does your organization have a policy and procedure in place to handle client requests to use a family member, friend, or other untested individual to provide interpretation services?</p>	Yes	No
<p>d. Do you make an effort to verify the accuracy of any translated materials used in your program (or use only professionally certified translators)? (Note: Depending on the outcome of the four-factor analysis, N/A (Not applicable) may be an acceptable response to this question.</p>	Yes	No
